With the Stars of a Union unbroken and true!
Arise and defend it! ye sons of the brave!

THURSDAY MORNING, DECEMBER 15, 1864.

News of To-Day.

There seems to be a charming state of mind among the people of Dixie concerning their own affairs. South Carolina repudiates Davis' plan of arming and freeing the slaves, and his encroachments on the freedom of the press. The wises predict that South Carolina will soon secede and make another change of base.

A battle seems imminent before Petersburg. Grant has sent two army corps to the old battle ground of Stony Creek on the Weldon road, which, having been strongly reinforced, he can easily spare. Probably this movement is to prevent the rebels from completing a railroad project, lately commenced by them at Stony Creek. A colored brigade, supported by artillery, has driven off the forces that disturbed the work on the Dutch Gap canal.

Gen. Burbridge has driven back Breckinridge from the vicinity of Bean Station, Tennessee, and it is said that Early and Breckinridge would unite to strike a blow at Sheridan.

From Sherman we hear nothing conclusive. There is no reason to fear disaster for him, although they claim that in the fight at Grahamsville, South Carolina, with four black and two white regiments of our arms, the Federals were defeated, and left 1,500 dead on the field. Wheeler's victories over Kilpatrick, are nothing when narrowly scanned, and the Augusta *Constitutionalist* frankly says, Sherman has never deviated from his plan since leaving Atlanta; that he is steadily marching on Savannah, and will reach there safely without experiencing any trouble from flank attacks. The 8th instant was the time set by Southern papers when he would easily reach the coast. Government has provided aid when he reaches there, and General Foster had easily whipped the Georgia militia at Oconee under Cobb and Wayne, and scattered it in every direction as he advanced in the direction Sherman is expected. Our fleet is off the coast throwing up rockets, to be answered by Sherman when he approaches, and so be prepared to assist him.

At Nashville some skirmishing was going on, but no important engagement. Our gunboats had passed down the river and successfully attacked some rebel batteries and silenced them.

The rebel Senate had defeated Davis' proposition to call out officers that are exempt by State law, and also the plan to enlist slaves in the army.

General Dana had made a raid from Vicksburg, destroying 30 miles of the Mississippi Central Railroad, 2,500 bales of Confederate cotton, and other public property, with scarce any loss to himself.

Semmes' new pirate ship, the *Sea King*, is reported wrecked off Madeira, but the news is almost too good to be true.

Richmond papers pronounce against Governor Brown, of Georgia, declaring that he is saving his men to fight Jeff. Davis; that would be too good to be true also.

The London *Times* thinks as Lincoln has probably "sown his wild oats," and found out the folly of troubling England; that his election is no bad thing after all. This appears to be a case where the Lord has "tempered the wind to the shorn lamb."

There seems to be a prospect now that the war will soon end, as South Carolina has called out all the boys over sixteen, and the old men under seventy; these are probably to man the last ditch.

There is European news, and there are also some items of local interest from California included in the dispatch to-day.

ASTORIA ITEMS.—We learn from the *Marine Gazette* that on Saturday evening last there was a heavy sleet at that place and some snow had fallen before that.

A Sanitary Ball, held on Wednesday of last week, had realized something for that cause.

The *Gazette* is very anxious lest the "rains and and melting snows of winter" shall bring down earth, sand and gravel to some such "convenient" place as the mouth of the Willamette, where said "debris" might find a permanent rest, while it strikes us the *Gazette* really fears least the present high water shall sluice out all the obstructions below Portland, and carry the debris down to cover up the Clatsop clam beds. In view of the starvation sure to follow such a calamity, we might promise to lend them a dredger. (when we get one) for at least a portion of the clam season, to dig the bivals with.

SALEM ITEMS.—We learn from the *Statesman* that J. C. Peebles, County Judge, has decided that the Specific Contract Law does not apply to contracts made prior to its passage. (Judge Shattuck, of the Supreme bench, has decided to the contrary.)

Francis Hendrie and Levi English were lately inconveniently on a bender; were arrested and gave bonds to appear.

Mrs. Hayne and Sue Robinson were giving the Salem folks a chance to appreciate theatrical talent. Mrs. Sallie Goodrich Thayer was also coming upon the boards.

Marion county had furnished seventy-two recruits of their quota under the new call for volunteers. Yamhill County has sent to Salem thirty-five recruits, being thirteen more than its quota raised in all in that county.

News of the arrival at Washington of Messrs. Harding and McBride has been received at Salem.

DALLES ITEMS.—Krolick, alias Jackson, who stole the $1,600 of Everts, was committed for $2,000 bail.

The Circuit Court, Judge Wilson presiding, commenced last Monday. One hundred cases were called.

Some half a dozen persons before the Recorder were variously fined and sentenced for small crimes.

There was so much floating ice in the river above Celilo that the steamer could not proceed to Umatilla day before yesterday.

CAMP RUSSEL.—The different companies of the new regiment are to rendezvous at Salem, to be organized as fast as recruited. The fair grounds and buildings are now occupied by the volunteers, and Camp Russel is the designation given to the military encampment. Polk, Benton, Linn, Yamhill and Marion have already men in camp there, mustered in.

AGENTS FOR THE OREGONIAN.—John Burrows, Esq., at Albany, and N. O. Parrish & Co., at Salem, are authorized to receive and receipt for subscriptions to the DAILY and WEEKLY OREGONIAN.

DATES TO DECEMBER 8.

NEW YORK, Dec. 9.—Recent proceedings in the South Carolina Legislature look very much as though that State, in consistency with her original secession doctrines, was about to secede from the Empire of Jeff. Davis. Resolutions have been introduced in that body denouncing as unconstitutional Davis' proposition to emancipate the slaves, and threatening the freedom of the press, declaring that the State are not subject to Richmond and advising the other States not to submit to its usurpations.

The Richmond *Whig* of December 6th says: We have reason to believe from all that we have heard, that Sherman's army has united and is marching with measured pace to the coast of Georgia, south or southwest of Millen. We have also reason to anticipate a battle at some point north or southwest of Savannah at the close of the present week.

The Richmond *Enquirer* of Dec. 6th, says: We learn that an official telegram was received last night which states that Wheeler has inflicted a severe blow upon the enemy. The locality of this affair is not given for sufficient reasons. It occurred last Sunday morning. One corps of the enemy and Kilpatrick's cavalry attacked Wheeler in a strong position. They came up boldly to attack and made several charges, all of which were repulsed by Wheeler's men, who, though largely outnumbered, maintained their ground and raked down the foe. This dispatch states that the enemy lost heavily. It was reported that Kilpatrick was wounded.

The Richmond *Dispatch* of Dec. 6, says: Sherman's army seems to be becoming exhausted. For five days up to last Friday, Dec. 2d, he made but 5 miles. He had lost so much time and given the Confederates the chance to gather so much strength that he must at once either strike for Savannah or Beaufort. He was expected at Savannah on the 5th, and all that night the shipping off the point threw up signal rockets for his guidance.

Richmond papers say Grant is massing on the right of the Army of the James. An attack by him there and on the left by the Army of the Potomac is expected.

NEW YORK, Dec. 7.—Richmond papers of the 7th say: Sherman's campaign is drawing to a close. He is approaching the coast by way of Darien or Savannah, but we have a formidable force between those points which he will have to confront before reaching either. We think Sherman is done with strategy and will attempt to break through our forces and thus attempt to reach the sea coast. Things will culminate this week. We think Sherman is in a critical condition.

WASHINGTON, Dec. 9.—The Richmond papers print a Fredericksburg letter, dated December 6th, which says: It is reported that six thousand troops have just passed down the Potomac to reinforce Grant. Four thousand of these were from Sheridan and two thousand are new recruits.

The *Commercial's* special dispatch says: Richmond papers of Wednesday, the 7th, contain no information of Sherman, but predict his defeat before he can reach Savannah or Darien.

The Richmond *Examiner* of the 7th reports that no new movements had been made in the direction of Grahamsville, South Carolina. The Federal troops engaged consisted of two regiments of whites and four of blacks. About 1,500 men were found on the field dead and wounded.

NEW YORK, Dec. 10.—Sherman's movements still occupy the attention of a large portion of the rebel newspapers. They say he returned with his principal force to the vicinity of Millen and remained there several days for the purpose of gathering supplies, and that on the 2d of December, he resumed his march from the north side of the town. On the 3d he was some distance south of it, and on the 6th his advance was reported to be skirmishing with the outposts of the rebel forces, and on the 8th it was thought that he would reach the coast.

The Augusta *Constitutionalist* believes that since leaving Atlanta, Sherman has not hesitated a moment as to the points he attacked, or as to the road to take. It says, that on leaving Millen, he would arrange his army so that he could move on Savannah without fear of an attack on either flank.

Wheeler confesses that in his engagements with Kilpatrick, he has not taken many prisoners, because the Yankees would not surrender.

The Charleston *Mercury* learns that Foster has fortified the position which he took after the battle of Honey Hill, S. C., where it is supposed he will remain until Sherman reaches within striking distance of the coast. It states that Foster has for some days and nights sent up balloons and sky rockets, supposed to be signals to Sherman's approaching hosts.

NEW YORK, Dec. 9.—The Port Royal, South Carolina, *Herald* of December 5th says a correspondent writing from Pulaski, Nov. 30th says:

They report that Sherman is advancing on Savannah in three columns. One by the way of Millen, a second by the Ogeechee river, and the other across the Savannah river at Sisters' Ferry, seventy miles above. He flanked Macon but did not stop to occupy it. He had whipped Wayne's and Cobb's militia at Oconee Bridge, driving them in every direction.

LOUISVILLE, Dec. 9.—The *Journal's* Nashville dispatch dated December 8th says: There is no change in the general situation of things. There was skirmishing in front of the fourth corps, the enemy being driven back to his old line. A few casualties the result. Prisoners report that Cheatham's corps holds the rebel right, Lee the centre and Stuart the left. They say Lee has four batteries of four guns each in position. A rebel brigade has gone in the direction of Murfreesboro. It is not known whether for foraging or to attack that place. One of our batteries on Steedman's front, opened this morning but elicited no reply.

NASHVILLE, Dec. 9.—The weather is very cold, and there has been a heavy fall of rain and snow all day. The rebel line in front appears to be intact, and there are no indications of an attack. Some sharp musketry firing occurred in front of the Fourth corps, and several were wounded on both sides. The excitement in town has nearly subsided. No apprehension need be felt for the safety of the city need be felt. The gunboats went down the river to the point where the rebel batteries are located, engaged them, drove the rebels back from the river, silenced the guns, and returned to the city. Deserters who came in to-day say that Hood will soon attack the Union forces.

LOUISVILLE, Dec. 9.—General Burbridge's command were at Bean Station, East Tennessee, December 6th. His forces are well organized and supplied. A movement of Burbridge on Breckinridge's flank, compelled the latter to withdraw his entire force beyond Bull's Gap, excepting a small cavalry detachment.

The *Journal* says that it is our impression that Breckinridge will turn up in an unexpected quarter before long.

NEW YORK, Dec. 10.—Burbridge and his forces were at Bean's Station, East Tennessee, on Thursday, Dec. 8th. His movement to the front caused Breckinridge to fall back with his main force beyond Bull's Gap.

The *Herald's* Shenandoah Valley correspondent says: Early and Breckinridge have been ordered to make a demonstration on the lines of Sheridan's army.

HEADQUARTERS ARMY OF THE POTOMAC, Dec. 7.—This has been a rather exciting day along the line at Petersburg. A little picket firing was indulged in on the right of our line. The artillery on both sides was very quiet. Considerable activity prevails in our lines north of James river to-day, but a rain storm which set in early this morning seemed to put a stop to all changes, if any were intended. The firing was kept up on Dutch Gap Canal as usual, but not with such persistency as yesterday.

Richmond papers to-day contain no news from Georgia or Tennessee. They have seemed to anticipate a battle in front of Richmond during the past two or three days, and have evidently been preparing to resist an advance on our part.

Dec. 8.—All quiet this morning.

NEW YORK, Dec. 10.—The *Herald's* Army of the Potomac correspondent says: On Wednesday last, the 7th, in order to check a plan of the rebels, firing upon our working parties at the Dutch Gap canal, three regiments of colored infantry and a section of Morton's Fifth regular artillery, under Gen. Ludlow, crossed to the north side of the James river, drove the rebels back and effected a lodgment at the upper terminus of the canal, where they entrenched themselves, thus protecting the laborers on the canal. A rebel battery subsequently opened on the position but there was no damage done.

PHILADELPHIA, Dec. 9.—The *Press* has a special from City Point stating that the Second and Fifth Corps received marching orders on Tuesday afternoon, the 6th, near the Jerusalem Plank Road. On Wednesday forenoon, they marched toward the scene of the Stony Creek action on the Weldon Railroad. The troops are very enthusiastic. The main army having been fully reinforced, the reconnaissance of the enemy's position [illegible].

NEW YORK, Dec. 9.—The *Post's* special dispatch says: The conference Committee of Ways and Means [illegible] the tax on tobacco in leaf instead of the manufactured article.

ST. JOHNS, N. B., Dec. 9.—A destructive fire occurred this morning in the town and suburbs of St. John's. Many dwellings were burned and at least three hundred people rendered homeless and houseless.

WATERBURY, Dec. 9.—The Waterbury Clock Company's establishment was destroyed by fire this morning. Loss is from twenty to twenty-five thousand dollars. It was insured for fifteen thousand dollars.

NEW YORK, Dec. 10.—The rebel Senate, on the 6th December, defeated a resolution introduced in pursuance of Jeff. Davis' recommendation, that various officers exempted by State laws should be forced into the rebel army.

Another resolution has been introduced which fiercely condemns the proposition to make soldiers of the slaves and give them their freedom as a reward for services.

In the South Carolina Legislature, a bill has passed the House of Representatives for the conscription of all men between the ages of 16 and 70.

Richmond papers continue to assail Governor Brown of Georgia. They say that the reason he refuses to allow the seizure for service in the army of various persons in his State was that he desired to reserve a sufficient force to fight Jeff. Davis.

VICKSBURG, Dec. 6.—General Dana, by a successful expedition from Vicksburg, destroyed the Mississippi Central Railroad for a distance of 30 miles above the Big Black crossing, including the long bridge at that place. The enemy were found in force, but the work was thoroughly done, and our troops returned to Vicksburg with a loss of [illegible] killed and [illegible] wounded and missing. 2,500 bales of cotton, worth $[illegible],000, and other public property was destroyed.

European News.

NEW YORK, Dec. 8.—The steamer *Hansa*, from Southampton November 23d, has arrived.

It was reported at Southampton, Nov. 22d, that Semmes' ship *Sea King* was wrecked off the Isle of Madeira.

The *Army and Navy Gazette* says that it is unbecoming British officers to engage in blockade running, and treats the Queen's proclamation of neutrality with contempt.

The *Times* sees no cause of alarm in the re-election of Lincoln. England is probably safer in his than any other hands. Regarding foreign States, and England particularly, we may reasonably believe that Lincoln has sown his wild oats, and has gone through with his course of defying and insulting England, and we hope he will not repeat the experiment.

In Italy the proposed transfer of the capital to Naples was vetoed. The bill for the transfer of the capital passed by a vote of three hundred and seventeen to seventy.

From Japan we learn that Prince Nagato has agreed to open Simonski, to not rebuild the demolished forts, and to pay the allied expedition's expenses.

In Spain the Duke of Rivas has resigned the Presidency of the Council. The Marquis Valuma succeeded. The Madrid *Epoch* says Spain's duty is to defend the Papacy and come to an understanding with France.

California News.

SAN FRANCISCO, Dec. 14.—Henry Wursch, book keeper at the Globe Hotel, was arrested for appropriating and hypothecating $1,000 worth of gold dust deposited with him by a miner who came to sail on the steamer yesterday. The grand Sanitary Fund Mass Meeting will be held on Friday evening. The steamship [illegible] arrived at 2 P. M. Private telegrams quote gold on the 10th at 210 and declining. Legal tenders 46 @47½. Arrived—steamship *Brother Jonathan*, from Portland, and ship *Sierra Nevada*, 154 days, from New York.

FROM THE UMPQUA.—Captain Sylvester Hinsdale, says the *Statesman*, sends the following items of interest from Umpqua:

The bark [illegible] drifted on a sand flat on the 13th of last month and was wrecked. She soon filled with water and was necessarily abandoned. After being stripped of rigging, sails, &c., the hulk was sold to the Gardiner mill company. By taking off her deck load she was got off the flat and after securing the cargo the vessel will be turned for her "fastenings." We infer, although it is not so stated, that the cargo was lumber.

A fine clipper schooner 250 tons has been just completed at the yard of Kruse, Morek & Co., and was to have been launched on the 1st inst. She was rigged on the stocks, and will, immediately after launching, take her place in the line of packets plying between San Francisco and Umpqua. We believe this is the fourth vessel built at the ship yard of this firm.

The steam sawmill near the mouth of the river is in successful operation, cutting 16,000 feet of lumber daily. It is owned by the same firm which built and own the schooner referred to. They have two others in the trade already, and they intend to have another ready for launching next May.

The export of produce from that port has increased rapidly of late, averaging about 50 tons monthly, consisting of wool, bacon, lard, butter, apples, potatoes, &c. It is thought that another year will quadruple this amount. We congratulate our Southern friends upon these evidences of material prosperity.

SOMETHING OMITTED.—In the transmission of the President's message to the OREGONIAN one paragraph was imperfect—a portion was omitted. The operator here has taken pains to have the omission supplied, and we give the whole paragraph below properly rendered:

The election has exhibited another fact, not less valuable to be known. The fact that we do not approach exhaustion in the most important branch of the National resources; that of living men. While it is melancholy to reflect that the war has filled so many graves, and caused mourning to so many homes, it is some relief to know that, compared with the survivors the fallen have been so few. While corps, divisions, brigades and regiments have formed and fought, and bled and gone out of existence, a great majority of the men who composed them are still living. The same is true of the Naval service. The election returns prove this, else so many votes could not be found. The States regularly holding elections both now and four years ago, to-wit: California, Connecticut, Delaware, Illinois, Indiana, Iowa, Kentucky, Maine, New Hampshire, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, West Virginia and Wisconsin, cast 3,982,011 votes now, against 3,870,222 cast four years ago, showing an aggregate now of 4,0[illegible],011, to which is to be added 33,762 votes cast now in the new States of Kansas and Nevada, which States did not vote in 1860, thus swelling the aggregate to 4,075,773 and the net increase during the three years and a half of war is 145,751. A table is appended showing particulars.

A MAN SHOT ACCIDENTALLY.—On Friday, the 2d inst., as three boys, William Raymond, Jimmy Raymond and Joel Kindred, were getting out of a boat near Daisy Point in this county, Jimmy in passing a loaded gun to Joel let the hammer of the lock catch his clothing, which partly cocked the gun, and on being detached from the clothing it went off discharging the contents of the gun, a ball, into the left side of Joel near his hip, whence it passed upward and out of the other side—passing just below the heart. At the discharge of the gun he merely exclaimed "Oh, I'm shot," and died in about fifteen minutes, without saying another word. He was about seventeen years old.—*Astoria Marine Gazette.*

THE STATE PRINTER QUESTION.—The case of Bush against Pittock, testing the right of the latter to hold his office under the election of last June, was argued some two months ago before Judge Boise at chambers and taken under advisement. The defendant demurred to the complaint and the court sustained the demurrer, ruling that there was not sufficient set up by the plaintiff to require any answer and the case was dismissed at the plaintiff's cost. It is said—we do not know with what foundation—that Bush will appeal the case to the Supreme Court.

The counsel for Bush was Colonel Kelly—for Pittock, Hon. J. H. Mitchell.—*Statesman.*

GLEANINGS.—The comments of the President's message that the *Mountaineer* says it gleaned from the OREGONIAN, happened to be an editorial summary of that document that we did the gleaning of, and that the *Mountaineer* did not glean at all, though it was entirely welcome to use it.

The Lungs are the Great Laboratory of the Human System. When once destroyed they never can be made sound again. We should remove the first cause which tends to their destruction. When cases are forming, it is indicated by a cough or pains in the chest, or difficulty of breathing. Now, **Allen's Lung Balsam** will check these symptoms at once, and is used in time, and prevent fatal consumption.

THE LAW OF THE CITY.—So much has been said of late regarding the dispensation of justice in this city, that it has lead us to unearth the laws for the government of the community, and we find they very much need regulating, revision, and substitution. The ordinance which is copied below, passed more than ten years since, is virtually all the law which has been given our City Attorney, Chief Justice, Marshal, and other officials for the quiet, and preservation of the peace of the city. It is a very easy matter to conceive how far it must be necessary for such a law to be stretched, in order that it might cover all the offences committed during the ten years of its valid standing, and it would be a difficult matter to ascertain what character of crime it has not been essential in punishing, but to convert it in every case those in authority have doubtless been compelled to analyze its every word, and we presume to say that there is not a lexicon or a law dictionary in the land that has not been brought into requisition for the purpose of demonstrating just how far its provisions would entitle the officers to go in dealing judgments, etc. The following is the law:

ORDINANCE No. 10.

AN ORDINANCE to prevent and restrain Rioting and noise, disorderly conduct, or indecent and immoral practices. *The people of the City of Portland do ordain as follows:*

Section 1. That any person or persons who shall be guilty of any riotous, disorderly, or violent conduct, in any street, house, or place, whereby the peace or quiet of the city may be disturbed, or any indecent or immoral practices, shall be subject to a penalty of not less than five dollars, nor more than fifty dollars, and may be imprisoned not to exceed twenty days, at the discretion of the Recorder.

Sec. 2. This Ordinance shall take effect and be in force from and after its approval by the Mayor.

Passed the Council May 5th, 1854.

J. W. FIELD, President.

Approved May 22d 1854: W. S. LADD, Mayor.

A true copy.—*Attest:* J. W. DAVIS, Clerk.

Now, at this important juncture of affairs with us it would seem to be a correct principle for the Board of Councilmen to take the subject up, and provide good and wholesome laws for the government and safety of the city. The old No. 10 has done its duty in its day, and should be allowed to pass out of existence as a venerable relic. If no other reason could be produced showing its unfitness for the present time, the subject of fines which are required to be imposed by it, in the face of law and conscience, is sufficient to condemn it.

THE LADIES FAIR.—The ladies of the M. E. Church were disappointed yesterday in obtaining the place formerly selected for their Fair and supper this evening, and were compelled to change the arrangements to Turn Verien Hall, at which place they hope to meet a host of the friends of their cause, to assist them in the laudible enterprise they have undertaken. We sincerely hope their efforts may be appreciated, and liberally rewarded. It will furnish our city with an ornament in time, in the style of structure they propose to erect for a house of worship, and for that should be encouraged. On the ground that the Commission Fair is so soon to come off we learn that there is a little opposition to the one to-night—but that should not be; there has been no congregation in the city more liberal, or more willing to assist the Commissions, and they expect to be so in future; their Church has always been open to the advocates of those objects of mercy, and for this also, the Fair of to-night should be well remembered.

WOULD NOT DO.—A one-eyed Chinaman applied to an oculist in this city on Tuesday for the purpose of obtaining an artificial eye, on the representation of a Melican man that "it would look as well as any other eye." A suitable one was selected and placed into the cavity of John's lost member, when he placed his hand over it, and viewed matters with the remaining organ, then closing the latter, squinted hard to see something with his recent purchase, but all was dark, and turning around in perfect disgust John demanded that the Doctor should take the eye back, as it was "no hally good," and left the office an infuriated Celestial. John had evidently placed a literal construction upon the words of his adviser, and been disappointed at finding that the glass eye did not *see* as other organs of sight.

MILITARY.—Surgeon Watkins returned from Salem last evening, from whom we learn that the Company raised in Benton and Polk counties will be mustered into the service of the United States to-day, as Company A, Oregon Infantry. Gov. Gibbs has appointed the following officers to command the same: Charles Lafallett Captain; Wm. J. Shipley 1st Lieut.; W. R. Dunbar 2d Lieut. The Marion county Company now numbers 83 men. It is about the minimum and will soon be ready to be mustered into the service. C. P. Crandall will probably be commissioned Captain, T. H. Reynolds 1st Lieut., and Mr. Roland 2d Lieut.

A GENEROUS DONATION.—A fine school house was recently erected in School District No. 21, East Portland, which is at present occupied with a flourishing school of some forty-five pupils, under the instruction of Mr. Garlick. The block upon which this is situated was donated for the purposes, as set forth in the articles of conveyance by Mr. James B. Stephens and his lady, "that said District may be better enabled to diffuse learning and morality among children, to the end that civil and religious liberty may thereby be perpetuated." It is a fine block of land, has an excellent spring of water upon it, and a grove, and is withal, a handsome donation.

SHOCKINGLY MANAGED.—Last week we gave an abstract of the damage done to vehicles by the detestable state of Front street. So far this week we have three casualties to set down, and if any member of the Council could have seen the dejected countenance of an ex-driver, in front of the Farmer's hotel yesterday, after he had broken his wagon, we will stake our hat a bill of relief for the man, or an Ordinance authorizing the repair of the street, would have been introduced to the Board to-night. We expect to hear of crippled animals and broken vehicles until something is done for the good of the street.

RECRUITING.—Under the influence of the late impetus given to recruiting in this county Captain Powell is getting along finely in raising his company. In many other counties where people generally became interested in the matter quotas are full, with some to spare. In Clackamas the people are quite jubilant at the success of Capt. F. O. McCown, and send us word that if the Governor requires it they can double their quota. Good for them!

ANOTHER GUN EXPLOSION.—An accident occurred to Mr. Piercy, of Piercey Island, on Monday last, which will probably result in a loss of his left arm. It happened by the explosion of a gun, with which he was shooting ducks, the fragments considerably fracturing the radius of the arm. He was brought to this city and is under medical treatment by Drs. Chapman and Watkins.

CAUGHT AT LAST.—The man who disfigured the face of another so badly in a dance house melee about three weeks since, by biting off a portion of the lip, returned to this city yesterday, and was arrested and locked up last night, for his appearance before Court to-day. It is a credit to our officers to know that they are vigilant on the watch for such characters.

SHELLS OF OCEAN.—The gallery of Messrs. Buchtel & Cardwell has lately received a valuable addition from the depths of the Ocean, in the shape of corals and shells, a finer collection than which it would be hard to find. In time these gentlemen will certainly have a museum of rich specimens of the rare curiosities of natural history.

DEATH IN THE INSANE ASYLUM.—Dr. Ramsay once an excellent physician in practice at Eugene City, distinguished as a chemist, and who has written some things that have won him reputation as a poet, died on Tuesday night at the Insane Asylum, of nervous exhaustion. He had been an inmate of that institution for some four years past.

REWARD OFFERED.—A description of the thief, Fred Thornton, and a reward of $200 for his apprehension, appears in our advertising columns this morning.

PERSONAL.—Superintendent Huntington arrived in this city last evening *en route* to San Francisco on business connected with the Indian Department.

Cure Your Cold, Save Your Lungs.

NEWELL'S

PULMONARY SYRUP

HAS

CURED THOUSANDS!

And it will Cure You!

"A Cough is generally the effect of a Cold, which has either been improperly treated or entirely neglected. When it proves obstinate there is

Always reason to fear the consequences,

as this shows a weak state of the lungs, and is often the forerunner of Consumption.—[Buchanan's Domestic Medicine.

STOP THAT COUGHING!

Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S

Pulmonary Syrup!

Is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by its surprising curative powers.

WHAT KILLED HIM?

Dr. Hall, in his "Journal of Health," speaking of the death of Washington Irving, asks the above question, and adds: "He might have remained with us for some years to come, had it not been for advice, kindly intended, no doubt, but given in thoughtlessness and reckless ignorance.

He Had a Cold!

Which, by some injudicious prescription, had been converted into asthma." Let me say to Dr. Hall that that "prescription" was not

NEWELL'S
PULMONARY
SYRUP.

KEEP IT IN THE HOUSE, use it freely, give it to your children upon the slightest indications of a Cold, and you will think and speak of it as all do who have become acquainted with its merits.

Be Good.

God does not say, "Be beautiful," "Be wise,"
Be aught that man in man will ever prize;
Only "Be good," the tender father cries.

We seek to mount the still ascending stair
To greatness, glory, and the crowns they bear;
We mount to fall heart-sickened in despair.

The purposes of life mis-understood
Baffle and wound us, but it clearly would
That we should heed his simple words—"Be good."
—*Good Words.*

The Great Conspiracy against the Union.

(Concluded.)

VI.—ITS WRITTEN PRINCIPLES.

The Declaration of Principles for this detestable order asserts the justness of slavery, upholds State sovereignty, denies sovereignty to the United States of America, affirms that "it is incompatible with the history and nature of our system of government that Federal authority should coerce by arms a sovereign State," and finally pronounces it the inherent and solemn and imperative duty of the people to resist and, if need be, *to expel by force of arms* the officers of the United States Government. With these revolutionary sentiments coincide the frequent declarations of well known leaders of this order. For instance, Dodd, Grand Commander of the order in Indiana, quoting, in his address of February last, the views of his chief, Vallandigham, and adopting them as his own: "He (Vallandigham) judges that the Washington power will not yield up its power until it is taken from them by an indignant people *by force of arms*."

VII.—ITS SPECIFIC PURPOSES AND OPERATIONS.

These are:

1. *Aiding soldiers to desert and harboring and protecting deserters.*—Agents were sent into the army for this purpose. A certain attorney of Indianapolis, named Walpole, who was particularly conspicuous in furnishing facilities of this character to soldiers who applied to him, has boasted that he has thus aided five hundred enlisted men to escape from their contracts. Through the schemes of the order in Indiana, whole companies were broken up; a whole detachment of a battery company, for instance, deserting on one occasion to the enemy, with two of its guns, and the army were imbued with a spirit of discontent and dissatisfaction with the service. Every obstruction was offered to the arrest of these deserters. In one instance in Indiana, where an officer in charge of a deserter very properly refused to obey the writ, after it had been suspended in such cases by the President, his attachment for contempt was ordered by the Chief Justice of the State, who declared the "streets of Indianapolis might run with blood, but that he would enforce his authority against the President's order." On another occasion certain United States officers who had made the arrest of deserters in Indiana, were themselves arrested for kidnapping, and held to trial by a disloyal judge, who at the same time discharged the deserters, though acknowledging them to be such. Forcible resistance to arrest at one time was common, and civil war was imminent in Indiana.

2. *Discouraging enlistments and resisting the draft.*—Enrolling officers were shot in Indiana and Illinois, and outbreaks were excited against the United States officers. Where members of the order were forced into the army by the draft, they were instructed, in case they were prevented from presently escaping, and were obliged to go to the field, to use their arms in battle against their fellow-soldiers, rather than the enemy, or, if possible, to desert to the enemy, by whom, through the signs of the order, they would be recognized and received as friends. It is to be added that whenever a member volunteered in the army, he was at once expelled from the order.

3. *Circulation of Disloyal and Treasonable Publications.*—Great numbers have been spread abroad, such as Pollard's Southern History of the War, pamphlets made up of articles from the *Metropolitan Record.*

4. *Communicating With and Giving Intelligence to the Enemy.*—Members of the order act as spies for the rebel army, and other rebel spies are protected and assisted. In his official report of June 12th last, Col. Sanderson remarks: "This department is filled with rebel spies, all of whom belong to the order."

In Missouri, regular mail communication was for a long period maintained, through the agency of the order, from St. Louis to Price's army, by means of which private letters as well as official dispatches between him and the Grand Commander of Missouri were regularly transmitted. Correspondence with the enemy was industriously carried on in Kentucky and elsewhere, information of important movements given, etc. The Grand Secretary of the order in Missouri states, in his confession: "One of the especial objects of the order was to place members in steamboats, ferryboats, telegraph offices, express offices, department headquarters, provost-marshal offices, and in fact, in every position where they could do valuable service."

5. *Aiding the Enemy by Recruiting for them, or Assisting them to Recruit, Within Our Lines.*—This has also been extensively carried on by members of the order, particularly in Kentucky and Missouri. It is estimated that two thousand men were sent South, from Louisville alone, during a few weeks in April and May, 1864. The order and its friends at that city have a permanent fund, to which there are many subscribers, for the purpose of fitting out with pistols, clothing, money, &c., men desiring to join the Southern service, and in the lodges of the order in St. Louis and Northern Missouri, money has often been raised to purchase horses, arms and equipments for soldiers about to be forwarded to the Southern army.

6. *Furnishing the Rebels with Arms, Ammunition, &c.*

7. *Co-operating with the Enemy in Raids and Invasions.*

This plan has been two-fold, and consisted—first, a rising of the order in Missouri, aided by a strong detachment from Illinois, and a co-operation with a rebel army under Price; second, of a similar rising in Indiana, Ohio and Kentucky, and a co-operation with a force under Breckinridge, Buckner, Morgan, or some other rebel commander, who was to invade the latter State. A rising somewhat of the character described was intended to have taken place in the Spring of this year, simultaneously with an expected advance of the army of Lee upon Washington; but the plans of the enemy having been anticipated by our own Generals, the rising of the conspirators was necessarily postponed. Again, a general movement of the Southern forces was anticipated to take place about July 4th, and with it the order was to co-operate. A speech to be made by Vallandigham at the Chicago Convention was, it is said, to be the signal for the rising; but the postponement of the Convention, as well as the failure of the rebel armies to engage in the anticipated movement, again operated to disturb the schemes of the order. Nor are these plans yet abandoned, but have thus far been frustrated, partly by the energy and activity of our Generals, and it is partly the inability of the public enemy, in the now declining days of the rebellion, to initiate the desired movements, which has prevented the order from engaging in open warfare; and it has lately been seriously considered in their councils, whether they should not proceed with their revolt, relying alone upon the guerrilla bands of Sypert, Jesse, and others for support and assistance.

8. *Destruction of Government Property.*—The burning of steamboats at Louisville and on the Mississippi, and many other similar acts were the work of this order.

9. *Destruction of Private Property and Persecution of Union Men.*

10. *Assassination and Murder.*—On both these points there is abundant evidence which we have no room to quote.

11. *Establishment of a North Western Confederacy.*—This purpose has been so often proclaimed, and is so well understood, that it is needless to add that it formed one of the main objects of the order.

VIII.—*The Witnesses and their Testimony.*—A classification of these is ample. They include detectives, rebel officers and soldiers, prisoners of war, scouts, citizen prisoners, members of the order who on becoming fully acquainted with its purposes have abandoned it, officers who have made confessions, witnesses before the Grand Jury, and many others. Altogether the mass of testimony is such as to put the main facts beyond doubt or controversy.

A wealthy but weak headed barrister once remarked to Curran that "no one should be admitted to the bar who had not an independent landed property." "May I ask, Sir," replied Curran, "how many acres make a *wiseacre*?"

Rob a man of his life and you'll be hung; rob him of his living and you'll perhaps be applauded.

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, this is a positive specific.

A Word to the Aged!

In the decline of life, the loss of vital force consequent upon physical decay can safely be supplied by some vivifying preparation which recruits the strength and spirits without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the Aged

Dr. Hostetter's Stomach Bitters.

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females:

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlivens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

A Greenback Case!

HAVING BEEN COMPELLED TO ACCEPT OF Legal Tender Notes at par since the 17th day of December, 1862, for the rent of my handsome Brick Store, corner of Morrison and Front streets, I feel compelled to announce for the benefit of the public at large, that

Jacob Mayer

Leased the building of me on the 17th day of February, 1862, for a term of years, at which time there was no such currency in vogue, and at which time it was understood the terms were CASH. Since the date above stated I have received the depreciated currency regularly under protest for the rent of the

CITY OF PARIS STORE,

Making less than two-fifths of the real amount said Mayer was to pay. He had secured the building at very advantageous rates, and even was he now to comply with his contract, and pay in COIN, would be getting the best bargain in the city. I make this statement to show the public what kind of a man he must be to take such undue advantage of the times to convert a few dollars to himself by LEGAL SWINDLING. The public can readily see what it costs to have such tenants. G. W. VAUGHN.

From the army hospital—the bloody battle-field—the mansion of the rich, and humble abode of the poor—from the office and the sacred desk—from the mountain tops, distant valleys, and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands and thousands of letters like the following may be seen at our office:

"ROSENDALE, Wis., Sept. 16, 1864.
"* * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me. * * *
"C. A. FLAUTE."

"SOUTH WARSAW, O., July 28, 1863.
"* * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $[illegible] without benefit, has been cured by ten bottles of your Bitters.
"EDWARD W[illegible]."

The following is from the manager of the Union Home School for the Children of Volunteers:

"HAVEMEYER MANSION, FIFTY-SEVENTH ST.,
New York, August 1, 1863.
"DR. DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs, with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully,
"MRS. O. M. DEVOE."

"* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.
"REV. W. H. WAGGONER, Madrid, N. Y."

"* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use. Thy friend,
"ASA CURRIN, Philadelphia, Pa."

"* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.
"REV. J. S. CATHORN, Rochester, N. Y."

"* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which is daily increasing with the guests of our house.
"SYKES, CHADWICK & CO.,
"Proprietors Willard's Hotel, Washington, D. C."

"* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.
"G. W. ANDREWS,
"Superintendent Soldiers Home, Cincinnati, O."

"* * * The Plantation Bitters have cured me of a liver complaint of which I was laid up prostrate and had to abandon my business.
"H. B. KINGSLEY, Cleveland, O."

"* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.
"C. C. MOORE, 254 Broadway, N. Y."

etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon, is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,
Gravel, Dropsical Swellings,
GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS.

And in every disease in any way connected with the disorder or decay of the Procreative Functions. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once restored, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING,
OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Try it in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females.

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY ARE SO NUMEROUS, so well authenticated, and of such peculiar character that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so long baffled the highest efforts of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the Peruvian Syrup, do not hesitate to recommend it to the attention of the public.

It is well known that the Medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by combination IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M. D.,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, and it is impossible to overestimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and those of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS and GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton, [illegible] and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1858, page [illegible]).

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, and strength and color, hitherto pale, relaxed and feeble, he becomes full, strong and florid.

ALLEN'S LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS, Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION. IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.

LE DOYEN'S

SARSAPARILLA, YELLOW DOCK

—AND—

IODINE ALTERATIVE

FOR THE

CONSTITUTION.

CLEANSE THE BLOOD.

WITH corrupt, disordered or vitiated Blood you must be sick all over. It may burst out in pimples or sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. Sarsaparilla purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and repelling disease. Hence it rapidly cures a variety of complaints which are caused by impurities of the blood, such as Scrofula or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases.

Blood and Liver.

This valuable Medicine is now available to the public for the cure of

SCROFULA, CONSUMPTION, RHEUMATISM, CANCER, HEART, LIVER AND KIDNEY DISEASES, NEURALGIA, NERVOUS AFFECTIONS, BRONCHITIS, DYSPEPSIA, &c.

AS A TONIC,

its operations are evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility, an increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color, hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Are you sick, feeble and complaining? Are you out of order, with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Le Doyen's Sarsaparilla, and cleanse out the disordered system—purify the blood, and let the fluids move on unobstructed in health again.

AS A LITHONTRIPTIC,

it has no equal; being chemically combined with Iodine, it possesses in a high degree the power of dissolving Stone in the Bladder, and ureters of the kidneys, [illegible] gravel formation and enlargement of the prostate gland, irritation of the neck of the bladder, dropsy, etc.
